

OverView OL-510

Fully redundant 50" WXGA 16:9 LED video wall

Barco's OverView OL series LED-lit video walls are the first choice for 16:9 mission-critical control rooms that require a guaranteed uptime. The modules' high level of redundancy, not only of the individual LEDs, but also of the LEDs' power supplies and even inputs, ensures nothing can go wrong, giving users the peace of mind they need. Featuring a structure that can be tailored to the requirements of the customer, the OverView OL series knows virtually no limits in size.

Ultimate peace of mind

The OverView OL-510 video wall modules have been designed for an entirely maintenance-free operation over several years, without any need for consumables. Barco's unique liquid cooling system ensures lower LED temperature, resulting in longer LED lifetime (>80,000 hours in eco mode). Displaying the sharpest and most saturated colors in WXGA resolution (1368x768), the OverView OL-510 offers an ergonomically excellent viewing experience. The availability of alternative screen types makes sure you can adjust the video wall to your specific needs in terms of viewing angle and brightness.

Always the most optimal picture

OverView OL series video walls come with Sense⁶, Barco's unique sensor technology that provides brightness and color stability over time and across the entire display. Sense⁶ continuously measures brightness and color by means of a high-quality spectrometer, and adjusts the color space to provide an image that is most convenient for the human eye. This means that no maintenance or manual adjustments are needed. The colors can also be adjusted to the very specific needs of TV cameras, making the OverView OL series suitable for backdrop applications.

Award-winning design

The OverView OL series' design, combining usability with style, has been lauded with the prestigious Red Dot Design Award and was nominated for the German

The OverView OL series' design, combining usability with style, has been lauded with the prestigious Red Dot Design Award and was nominated for the German Design Award. The individual modules have the smallest depth on the market today, allowing to build the most shallow video walls possible. This makes the OverView OL series the product of choice for installation in confined spaces.

Highest level of redundancy

- 6x redundancy of LEDs (per color) & LED power supplies
- 2x redundancy of dual-link inputs

Unique Barco innovations

- Sense6 automatic full spectrum calibration
- Active liquid cooling

Excellent viewing ergonomics

- Wide LED color gamut
- WXGA resolution
- No color break up
- Excellent off-axis viewing with next-generation screen types

Maintenance-free

- 80,000 hours LED lifetime in eco mode
- 5 years service-free runtime
- No color wheel needed

Green focus

- No wearing parts, no waste
- No mercury lamps needed

Product specificaties

OVERVIEW OL-510

| General specifications | |
|--------------------------------------|---|
| Resolutie | WXGA (1368x768 pixels) |
| Helderheid | On-screen: 460 Cd/m ² |
| Contrast op scherm | 560,000:1 |
| Kleur | Up to 165% EBU (at maximum color mode) |
| Weergavetechnologie | Rear projection DLP |
| Wit punt | 2,300K 6,500K 9,300K arbitrary |
| Helderheidsuniformiteit | 95% ANSI 9 |
| Schermb | FXS, with H/V 34°/33° (+/-3°) half gain angle |
| Ruimte tussen schermen | Hor: 0.8 mm 0.03", Vert. 0.5 mm 0.02" (@ 25°C) Hor: < 0.4 mm 0.015", Vert. < 0.3 mm 0.012" (@ 30°C) |
| Kleurstabiliteit | Self calibration with spectrometer based Sense ⁶ |
| Afmetingen | <ul style="list-style-type: none">• Diagonal: 50" (Approx.)• Width: 1,088 mm 42.8"• Height: 612 mm 24.1"• Depth: 454 mm 17.9"• Weight Projection Module: < 44 kg 97 lbs• Weight Pedestal: < 28 kg 62 lbs |
| Lichtbron | 6x redundancy for each of 3 LEDs |
| Levensduur lichtbron | > 60,000h (at 6500k) > 80,000h in eco mode MTBF LED > 500,000 h |
| Gebruiksomstandigheden | 10°C-40°C, 50°F-104°F, 80% humidity (non-condensing) |
| Ingangsspanning (wisselstroom) | 90 – 240 V, 50-60Hz |
| Vermogen | 170W (eco) 230W (typ.) 350W (max) |
| Warmte­dissipatie | 580 BTU/h (eco) 785 BTU/h (typ.) 1,194 BTU/h (max) |
| Signaal | 2x Dual link DVI-D in / 2x Dual link DVI-D out Single link DVI-D in, with HDCP (optional) |
| Directe Ethernet-toegang | Built in web server |
| Grafische gebruikersinterface | All settings and operational parameters |
| Pixelklok | 330 MHz |
| Ingangsfrequentie | 24 – 62 Hz |
| Genlock | 49 – 61 Hz |
| Signaal­verwerking | Loop through Free cropping, free scaling |
| Integratie met apparatuur van derden | WEB service API |
| Garantie | 2 years |
