With Poly Studio USB and ClickShare Conference, hybrid video meeting is a breeze. With sound quality like you've never heard before, video that feels in-person and an unseen simplicity in collaboration, you have the perfect combination at hand for a unique meeting experience.

With our combined solutions, starting your next meeting couldn't be simpler. Just walk in and connect – with one click – and enjoy an intuitive BYOM meeting (Bring Your Own Meeting) from your laptop thanks to ClickShare wireless conferencing. See and hear everyone clearly — and converse naturally — with Poly Studio USB video bar. With Poly NoiseBlock AI, Acoustic Fence technology it captures only the audio you need, and keeps the distractions outside. Group framing and automatic speaker tracking make sure everyone can see the important details.

Poly Studio USB & ClickShare CX-30 bundle
Meet Poly Studio and ClickShare Conference, the premium wireless conferencing solution for huddle rooms and more. Simple, easy and wireless. That's what our partnership stands for. Simply plug the Poly Studio USB video bar into the ClickShare Conference system and start collaborating with best-in-class video and audio at just the click of a Button. Working with any UC platform of your choice on your own device, we bring in-office and remote teams together for better hybrid meetings.
