Videobar VB-S & ClickShare CX-30

Read the room from across the globe

- **Host meetings from your laptop with any UC&C solution.**

- **Equalize the meeting experience for everyone, no matter where they are located.**

- **Present & collaborate in any room without cable hassle.**

- **Walk in and instantly connect to the Videobar VB-S set-up from your laptop.**

- **Secure, networked and cloud-managed, ClickShare is an IT-friendly, ISO27001 certified solution.**

- **4 beam-steering microphones make conversations more**

Combine the power of ClickShare Conference wireless video conferencing with the premium audio and video quality of Bose Professional. The Videobar VB-S video bar is an all-in-one video conferencing device that is an ideal add-on to ClickShare in meeting booths, huddle spaces and rooms up to 3 by 3 meters. Now, you can try our unique product bundle, consisting of ClickShare CX-30 and Videobar VB-S, for 30 days. Finally, every meeting participant gets to be part of the conversation, whether they're in the office or working across the globe. ClickShare Conference will automatically connect with the Videobar VB-S, making sure anyone can enjoy a seamless meeting experience.

The Videobar VB-S equips conference rooms up to 3 by 3 meters with premium audio and video and seamlessly works together with the ClickShare Conference CX-30. The joint solution requires minimal set-up and is easy to use: it all happens wirelessly from your laptop. Moreover, it is compatible with most unified communications & collaboration (UC&C) platforms. Together, Videobar VB-S and ClickShare deliver a consistent, premium performance making interactions more natural, and meetings more productive, so everyone feels more connected and engaged.
