iQ7-W8

ISO 8,200 lumens, WUXGA, 3 X LCD laser phosphor projector

- Excellent image quality
- Excellent integration ability
- Guaranteed service and support

The iQ7 series expands Barco's projector product portfolio and provides optional models with 2 brightness levels. It opens up possibilities for a wider range of applications, while still relying on the valuable Barco service and support.

The laser light source not only guarantees good image quality, but also has lower maintenance costs than most bulb projectors on the market.
