

MPV-1

Cost-effective, low processing digital signage player

Designed for day-to-day signage applications

The MPV-1 is a cost-effective, low processing media player designed for day-to-day signage applications such as HD video playback, image playlist rendering, text ticking and live data widgets for weather, sports, news or stock exchange coverage.

Quick and hassle-free deployment

Cost-effective yet powerful, the MPV-1 delivers broadcast-quality performance by means of the X2O player software. Paired with the X2O content management platform, the MPV-1 allows for a quick and hassle-free deployment of your intelligent display network.

Single digital video outlet

Suited for OOH advertisement and retail kiosk applications, the MPV-1 features a single digital video outlet.

Product specifications**MPV-1****General specifications**

Supported resolutions	Up to 1,920x1,200
