

XDM-4K25

23,500 lumens, native 4K, 3-chip DLP RGB laser projector

- **Pure RGB laser light source**
- **Brilliant image with native 4K resolution and Rec. 2020 color performance**
- **Modular design for cost-effective serviceability**

The XDM-4K25 boasts 23,500 lumens of brightness, native 4K (4096x2160) resolution and a pure RGB laser light source. Suited to themed entertainment applications that require, and make use of, the higher resolution and color performance, the XDM-4K25 creates those WOW moments that keep visitors coming back for more.

Images that speak

Offering visitors crisper, more realistic images and with greater impact that create memorable moments. XDM-4K25 can create outstanding image quality that immerses audiences in the content for a truly believable experience allowing them to be engaged like never before; making the impossible possible.

Cost-saving design

The XDM-4K25 was designed with the priorities of the owner/operator in mind. They provide consistently high performance over a long period of time with minimal interventions and service required. And if the unthinkable should happen, the XDM-4K25 has easy to replace modules that can be quickly and easily swapped on-site by a trained technician. Even within the RGB Laser light source itself, individual 'laser plates' can be exchanged which means that maintaining the XDM-4K25 is both straight forward and cost effective.

Future-proof

The high-brightness, 4K native resolution and RGB Laser light source make the XDM-4K25 one of the most cutting edge projectors out there. Ready to satisfy the growing demands within the content creation community.

The new XDM-4K25 can be managed through Barco's cloud-based Insights Management Suite with remote health condition monitoring which guarantees 24/7 uptime and increases the reliability of the installation
