Sennheiser TC Bar M & ClickShare CX-30

Best in class audio meets seamless wireless conferencing

- **Run video meetings from your laptop with Button or App**

- **Works with your device, your conferencing platform (UC) and your brand of peripherals**

- **Interactive features: touchback, annotation and blackboarding**

- **Increased collaboration with 2 sources on screen**

- **100% secure, encrypted and cloud-managed**

- **Delivered with 2 Buttons**

- **Trusted Sennheiser audio with 6 microphones and 4 speakers, ideal for mid-sized meeting spaces**

- **Integrated beamforming**

Combining the benefits of TeamConnect Bar M and CX-30 brings a new level of excellence to hybrid meetings. The TC Bar M, an all-in-one device for mid-size meeting rooms, delivers Sennheiser's best-in-class audio, ensuring clear communication for all participants. Integrated beamforming technology allows presenters to move freely and ensures seamless transitions between speakers, while AI-enhanced video features like auto-framing and person tiling keep remote participants engaged.

Connecting the CX-30 brings feature-rich wireless connectivity, giving you full access to the TC Bar capabilities and allowing you to start meetings from your laptop within seconds using your favourite video conferencing platform. Features like touchback, annotation, and blackboarding enhance collaboration, driving active participation and engagement. Together, Sennheiser and ClickShare create an intuitive, user-friendly environment where technology discreetly enhances discussions, ensuring smooth communication and natural experiences for both in-room and remote participants.
