

EC-50

Compact event controller

- **Cost-effective controller**
- **Full show control at your fingertips**
- **Instant access to crucial functionalities**

The Event Master EC-50 event controller delivers instant access and great situational awareness for everything from trade show booths to large corporate events and even music tours. Its small footprint makes it suitable for most control environments, while simultaneously packing all the power and durability needed for instant access to crucial functions. As an extension of the Event Master toolset, the EC-50 brings sources, presets, layers, and destination selection at your fingertips, along with a second, touch-enabled display.

Why you'll love the EC-50

- Cost-effective alternative to a full-sized controller
- Full-control USB device for Event Master GUI
- Internal 15.6-inch wide touch screen with 10 point multi-touch
- 36 assignable buttons with customizable LCD display
- 8 dedicated layer selection buttons and dedicated background layer button
- 12 user-definable destination buttons with multi-page functionality
- High-resolution T-Bar
- Auto-ranging mains input (90-250 VAC)
