

Barco Optix MKIII

Barco Optix MKIII is a celebration of image quality for larger dedicated home cinemas and media rooms. Images look natural, screen presence is considerable, blacks are pure, and the subtlety of tones across its spectrum is nothing less than exquisite.

Our proprietary lamp architecture encompasses two 300W lamps and two color wheels, alongside 10 lens options and 12-bit Barco video processing making Barco Optix MKIII an all-round superstar.
