The Barco DP4K-32B is an ultra-bright 4K cinema projector for bigger screens. Featuring TI's 1.38" DLP Cinema® chip, the DP4K-32B offers stunning 4K images with ultimate brightness and vibrant colors to ensure a razor-sharp movie experience. By merging the projector and media server functionalities into one projector module, the DP4K-32B Barco Alchemy projector is a full-fledged, DCI-compliant projector and media-server solution with on-board storage. Reducing the required hardware, it increases simplicity and reliability. The smart projector even detects potential operational errors and warns users in case of mishaps. Great in TMS environments, it operates stand-alone in single-screen applications. Thanks to the embedded Barco Web Commander user interface, shows can be created and scheduled remotely.
