ClickShare X-Display Plus 86"

ClickShare X-Display Plus, designed around your laptop (BYOM), integrates advanced audio, video, and display capabilities to deliver a seamless hybrid meeting experience.

- 16 Microphone array with a 12-meter range for precise audio capture
- Al-driven noise reduction, Al sound masking, and echo cancellation
- High-quality, immersive stereo sound
- 4K 50-megapixel ultraclear camera
- 400nits high-brightness anti-glare display for clear visibility
- Expandable with a variety of third-party peripherals
- Built-in ClickShare CX-M module

ClickShare X-Display Plus is an innovative all-in-one solution that seamlessly combines audio, video, display, and collaboration tools, designed for hybrid work environments. Equipped with a 16 Microphone array and a 4K 50-megapixel high-definition camera, it delivers an exceptional audio-visual experience. It supports compatibility with major cloud platforms and devices, allowing effortless switching between MTR and BYOM modes. With wireless plug-and-play connectivity, setup is simple and intuitive. It also provides enterprise-level data security and remote management features, ensuring a reliable and efficient meeting experience.
