

2x2 rental structure

The DLite rental structures enable ultra-fast build up and breakdown of a display.

- Requiring less than an hour to build a 12 sqm display, from flightcase to display, the DLite is truly a mobile solution. Based on the feedback of some of Barco's most demanding customers, the rental structure is easy to build, to breakdown and ship.
- The Barco DLite rental structures are preferred by many of our clients because they are especially designed to create large seamless displays in various conditions.
- The Barco DLite fixed and rental structures are TUV approved to guarantee the quality and safety under all conditions.
